What is DADOquartz®?

Mined from the Southern African earth, DADOquartz® material is created by combining Quartz ore and other natural minerals.

DADOquartz® is eco-friendly and made sustainably and responsibly. Our proprietary manufacturing method takes place under extreme pressure and vacuum. With superior resins and a higher concentration of quartz, we have created a 100% solid cast-stone material that will last a lifetime. 'THE WORLD'S MOST LUXURIOUS BATHTUB MATERIAL'.

Quality

Tried and tested for over two decades, only the finest and purest natural ingredients with a high Quartz component are used to manufacture our DADOquartz® material. Using state-of-the-art robotics together with skilled handcrafting, DADOquartz® has set the benchmark in bathtub excellence.

Because our material is non-porous and 100% solid throughout, applying a topcoat to the surface of our products to hide imperfections is not needed. This way, we guarantee you a superior and hygienic bathtub that will never fade or discolor. Our industry-leading lifetime warranty is a promise you can trust.

Style And Wellness

The bathtub is the most intimate and personal part of your bathroom and your private sanctuary.

DADOquartz® bathtubs strive to awaken and enhance these emotions and promote your wellbeing. Our bathtubs and basins have been selected by the most experienced and skilled Architects and Designers from all around the world, from whom we listen to and learn.

Our expert in-house design team can translate and bring these concepts to life.

Using state-of-the-art technology, we produce our very own molds, which allow us a significant advantage in turnaround cost and time in a highly stringent international market. Our ability to customize is unparalleled and often an integral part of many projects. Our objective is for each design to radiate timeless luxury.

Functionality

We firmly believe that for our exquisite designs to showcase ultimate luxury, they must be functional. We achieve a high level of comfort through our DADOquartz® material that is warm to the touch, retains heat well, and is shaped to provide optimal support.

We have designed the drain position to allow for an extended seating area. The satin-smooth finish of our bathtubs is gentle on the skin while remaining remarkably strong. We maintain an exceptional standard of hygiene with our DADOquartz® non-porous material that is resistant to bacterial growth, mold and is easy to clean.

We can achieve easy installation and cost savings by eliminating the need for overflow drains and providing a unique plumber's space that allows for simple installation options. Our bathtubs are easy to install as they conveniently weigh only about the weight of a person.

the Quartz stone

a symbol of lasting luxury and comfort

1

Personal service, backed by our lifetime warranty

6

Natural heat retention and will never discolor

2

Natural satin beauty, gentle on the skin, in matte or polished

100% Solid cast-stone throughout, no topcoats

9

Easy installation, maintenance and repair

5

Non-porous, stain & scratch resistant, extreme tolerance

10

The world's most luxurious bathtub material since 1998

Lifetime Warranty
The world's most luxurious bathtub material since 1998

Choose one of the DADOquartz® Signature Colors.

At no upcharge.

Fast Facts about our Signature Colors:

All products are available in a modern white matte or polished finish, including a range of 6 Signature Colors.

All Signature Color finishes are available in matte only. Color finishes are white on the inside of the product, with the color finish on the outside only.

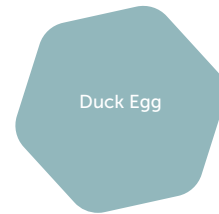

All DADOquartz® colored bathtubs and basins undergo adhesion testing before and after the paint application process. Products are wiped down with a special solvent to ensure a smooth application that is free of imperfections. A three-layered non-lead solvent-based paint is applied, followed by two satin clear-coat layers to seal the color onto the product.

Each Signature Color has a unique SKU associated with the bathtub or basin of choice. All color products are special orders; you can find the SKU numbers in the Price list section p104 – 107.

Please contact us if you wish to receive a quotation for any other RAL or Pantone color options.

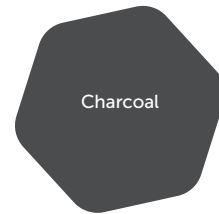

A Lifetime Warranty is a standard for all white products; remember to register your warranty on our website. Colored surfaces have a 1-year warranty.

Standard DADOquartz® maintenance procedures and repair instructions apply to both matte and color products. Color kits are available on order to patch any scratches on the outside that may possibly occur.

Stock holding & Lead times

White Products:

- All White products (both Matte and Polished) are held in-stock at our Charleston, SC warehouse.
- In-stock products ship within 1-2 days from order confirmation.

Signature Color Products:

- All Color products (six Signature Colors) are Special Orders and made-to-order. These orders may not be canceled or amended.
- Special Order lead times are around 8 weeks.

Shipping

Standard US delivery:

- All List Prices already include shipping charges to your showroom/warehouse location (FFA).

Shipping Surcharge:

- Due to the current Supply Chain Crisis we will charge a 'Special Shipping Surcharge' of \$ 225.00 per bathtub shipped within the US, until further notice.

Drop-shipments:

- A residential curbside lift-gate service is available upon request at a cost of \$ 175.00 per location.

Receiving of Goods

- Each item must be uncrated/unpacked and fully inspected upon arrival.
- If any damages or discrepancies are visible, the shipment must be rejected and issue noted on the bill of lading.
- Hidden defects must be disclosed within 24 hours of receipt in order to be considered as damaged by the carrier. Please take clear pictures of any damages and notify us immediately. Note that once outside of the 24-hour window of receipt, any damages will not be the responsibility of Future Classics.

General

- All prices are valid from 1/1/2022 until 12/31/2022.
- For complete Terms and Conditions, Warranty, Installation Guidelines, and Maintenance, please visit our website: www.fcbathrooms.com
