WHY JETTA?

It's about you, not us

The only thing as vast as our product selection is our commitment to customer service. The promise we make to our customers: to deliver products made with premium quality, on time, and with a stress-free, pleasant customer experience.

Soak in the simplicity

Yes, we make bathtubs. But we're also here to make your business run as smoothly as possible. That means keeping your deliveries on schedule, your lead times short, our product line broad, and our customization process simple. After all, we're in the business of helping people relax.

Shouldn't that start with our customers?

You ask, we deliver

Some of the best products and smartest features in the Jetta line are the direct result of feedback from our customers. Over the years, we've found that greater success happens when we simply produce what you tell us you need, rather than tell customers why you need what we produce.

We specialize in specialization

At Jetta, we consider every order an opportunity to do more than simply fill a request. We seek to fulfill your unique business needs with business programs that stand behind you. Find out why our customers trust us over and over again to deliver solutions that are everyday simple.

Luxury meets flexibility

Our exceptionally customizable product line offers you quality choices you can stand behind. Your customers can customize their experience with a variety of hydrotherapies and luxurious bathing options.

HYDROTHERAPY

At Jetta, we take hydrotherapy seriously. So you can just focus on taking it easy.

As our lifestyles have changed over time, the bathtub has evolved from basic commodity to object of luxury. And with every bathtub we've manufactured over the past 40 years, our mission has been to create the perfect balance of high-quality product and high-level experience. That means hydrotherapy that's more than just an afterthought or a frivolous add-on. It's technological innovation beautifully disguised as mental and physical invigoration.

Jetta. 40 years of design, research, and development crafted into every therapy tub.

JETTASOAK

Available in all of Jetta's product lines, this timeless hydrotherapy will renew and rejuvenate as you immerse yourself in the Jetta spa escape.

JETTAWHIRL

To customize your spa experience, select from rotating back jets, Jetta's exclusive directional jets, or the sleek look of our InvisiJet technology.

JETTAIR

Balanced air flow throughout maintains even pressure in all injectors, providing a supremely spa-like bathing experience.

JETTARIVER

A smooth and flowing twist on hydrotherapy, JettaRiver offers a steady, gentle stream designed to soothe and relax the body and mind.

JETTAWARM

JettaWarm is our surface heating system secured beneath the acrylic in a blanket of insulation to provide gentle warmth to your backrest.

WHIRL COMBO

Recharge with dual hydrotherapy sensations as we combine JettaWhirl and JettaAir into a single spa experience.

RIVER COMBO

Get the best of balanced air flow with smooth and steady water flow to create just the right combination of stimulation and relaxation.

Jetta guarantees that the water in our insulated whirlpool baths will stay within 2 degrees of its original fill temperature for 30 minutes of use without an inline heater.

If it's not stay hot, it's not cool.

Take comfort in our EXCLUSIVE warm water guarantee. Designed to draw the maximum amount of heat from the foam insulated JettaWhirl system and transfer it back into the bath water, our Stay Hot Guarantee results in a stable bathing temperature that can actually rise from one to three degrees. That's the kind of guarantee you can make with confidence when you manufacture tubs with quality materials and higher standards from the inside out.

Bathtubs that shower you with all the extras.

Give your bathing experience just the right finishing touch with our line of accessories and customization options. Upgrade the finish on your waste and overflow, customize your hydrotherapy package, or take relaxation to the next level with aromatherapy or a spa pillow.

Our product line is designed for flexibility, so no matter if your priority is safety, luxury, beauty, or a combination of all three, you can create the package that's just right for you.

Chromatherapy: create the perfect relaxing mood for your personal oasis through a constant color or a flowing color sequence.

[Learn more on page 211](#)

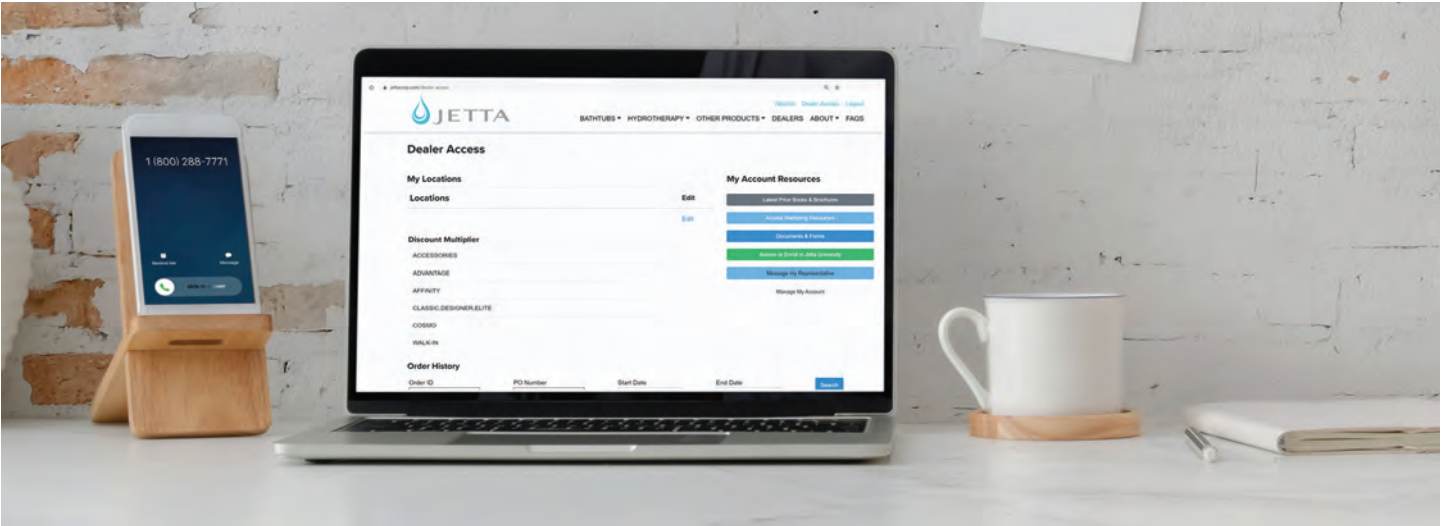

Roll-up Gel Pillow: roll-out the next level of relaxation. This versatile pillow can drape over the neck of your tub for neck/head support.

HERE TO HELP YOU HELP YOUR CUSTOMERS

Staying up to date with what your customers want takes a lot more than having the right products in your showroom – it takes confidence in knowing you understand the product and can stand behind the company that makes it.

That's the reason we created Jetta University – an online eLearning platform designed to equip you with an in-depth understanding of our products and our company, available anytime you need it.

Enrollment is open to all Jetta partners, including sales partners and distributors, plumbers, builders, and designers.

PRODUCT LINES

Every Jetta tub is manufactured with durable, high gloss, and UV-resistant acrylic. Its non-porous surface means the gloss won't dull or fade, even after years of cleaning.

Plus, Jetta adds two layers of fiberglass backing - minimizing on-site damage for reduced repair costs and delays - and our 10-year structure and surface warranty for maximum peace of mind.

That's Quality you can count on.

MODERN FREESTANDING COSMO COLLECTION

One Of The Largest Freestanding Collections In The Industry.

Drive Your Business With Our FREESTANDING DISPLAYS

Ready to freshen up your freestanding displays? Here are our the most sought after display models in our current collection! To learn more about these products and our display program, contact a Jetta Customer Service Rep today.

Riley | J813

Freestanding baths with a deckmount faucet option are projected to be a hot trend in 2022! This new Riley is a must-have for your showroom and is our newest addition to meet this need.

Atlas | J810M

For your price-conscious shopper, the Atlas is our best selling 2-piece design option. The end drain makes it ideal for remodels. Also available with Jetta Air!

Lucid | J87

The Lucid is our best-selling end drain freestanding bath; a modern take on a slipper silhouette that never goes out of style.

Halley | J86

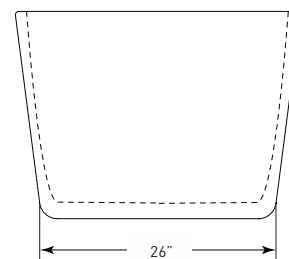

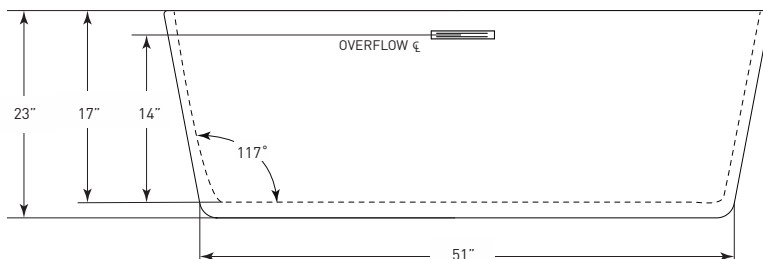

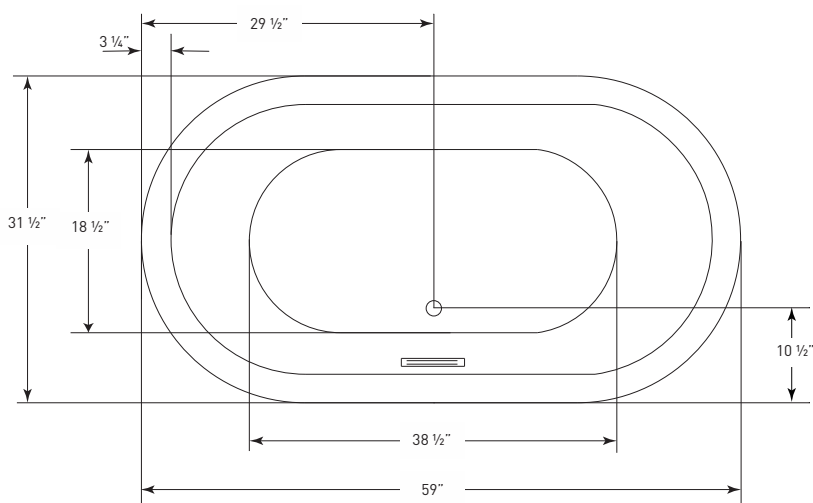

This double slipper shaped tub is the most popular freestanding silhouette and works well in all design styles, while the larger size shows off the Halley's curves the best. Consider displaying as an air tub with Jetta Air for maximum impact.

THINK OF IT AS

Hydrotherapy on the Inside.

Introduce your customers to JettaRiver – a smooth, flowing twist on traditional hydrotherapy. While whirl and air technologies are designed to invigorate and heal through deep-tissue stimulation, JettaRiver offers a steady, gentle stream designed to simply soothe and relax body and mind.

With strategically positioned jets along the sides and foot of the tub pushing streams of water straight out and along the length of the tub, currents flow gently around the bather, creating the sensation of an escape into nature.

Give your customers a soothing new option with JettaRiver today.

If other hydrotherapies are the science, this is the art.

- Innovative slotted jets in foot of tub fan water out and across, working together to gently push water toward bather
- Water currents flow lengthwise, moving from foot of tub across bather
- Four directional side jets feed water into current, creating flow of water along length of tub toward bather
- Whisper-quiet pump keeps current moving gently without interrupting serenity

JettaRiver is available as a stand-alone hydrotherapy or in combination with JettaAir

THE WALK-IN TUB
MARKET IS ONLY
GETTING BIGGER.

AND WE JUST MADE SELLING THEM A WHOLE LOT SIMPLER.

As demand for walk-in tubs continues to grow, we're working harder than ever to make it easy for you and your customers. **What you'll find now is a simplified three-step ordering process:**

1

ACCESSIBILITY: Pick the set-up that meets your bathroom and physical requirements: **inswing** or **outswing door**, and **left-hand** or **right-hand drain**.

2

AMENITIES: Choose your preferred amenities from **1 of 3 Jetta Walk-In Packages**. (See package details on next page)

3

ACCESSORIES: Add a pillow for a finishing touch.

3 STEPS TO WALK-IN

1

ACCESSIBILITY: Pick the set-up that meets your bathroom and physical requirements:

inswing or **outswing door**,
and **left-hand** or **right-hand drain**

Select the J90D model if the bather is able to stand and step into the tub independently
(SEE MORE TUB DETAILS ON PG 86)

OR

Select the J95D model if the bather needs assistance to transfer from a chair into the tub.
(SEE MORE TUB DETAILS ON PG 87)

CHOOSE:

LEFT-HAND DRAIN

OR

RIGHT-HAND DRAIN

2

AMENITIES: Choose your preferred amenities from the **3 Jetta Walk-In Packages** below.

GLOSSARY OF JETTA TERMS

NEW!

Dual Zone Jetta Whirl Therapy System

2 jet zones target the legs and feet only or legs, feet and back. 6 back jets and 4 lower leg jets provide targeted massage. In-line heater maintains water temperature throughout bath.

JettaAir

Millions of air bubbles injected into the tub for relaxation and stimulation.

JettaWarm

Add extra comfort with radiant heat on the backrest of the tub. A touch of the button turns it on before the tub fills.

Active Drain

Pump technology enables the tub to drain through unobstructed plumbing in approximately 90 seconds.

Dual Control System

Convenient tub operation is always within reach with control panel on tub and floating remote.

All of our walk-in tub shells feature: single-piece construction with solid metal frame, low entry threshold, non-slip floor, polished chrome grab bars for stability assistance, polished chrome ADA waste and overflow, extension panels for universal fit in spaces up to 60" wide.

ELITE SERIES

Our Elite series offers the ultimate relaxation experience. This sophisticated collection offers true hydrotherapy in an extensive array of shapes and sizes with spacious bathing wells and strategic jet placement. Elite baths options include air injectors, up to 28 hydrotherapy jets, 3-6 BHP pumps, and dual tri-ssage controls. Elite baths are truly designed for the ultimate back massage. Jetta's Combo Hydrotherapy mixes the effervescent air bubbles from the JettaAir system with the rotating and flow-adjustable jets from the JettaWhirl system.

DESIGNER SERIES

Our Designer series offers versatility and functionality with its elegant, spacious designs. Designer baths feature the reliable engineering of a 2 BHP pump, a tri-ssage control, 7 to 10 strategically placed hydrotherapy jets, and seamless air injectors. Designer series baths are crafted to focus on specific areas of stress and discomfort for maximum relaxation. Jetta's Combo Hydrotherapy mixes the effervescent air bubbles from the JettaAir system with the rotating and flow-adjustable jets from the JettaWhirl system.

CLASSIC SERIES

Our Classic series baths offer maximum relaxation, traditional styling, and the same high standards and quality found in all Jetta products. This beautiful collection offers many different hydrotherapy options. Classic offers a JettaAir only bath system which features air injectors around the perimeter, along the arm rests, and in a V shape on the back rest. JettaWhirl system tubs have 5 to 8 hydrotherapy jets, a 1.5 BHP pump, and are available in a variety of styles, sizes, and colors. Enjoy the rich experience for less.

JETTA WHIRL JET PACKAGES

Jetta Elite and Designer series back jets can be focused in one direction for intense whirlpool hydrotherapy or set to rotate in a circle to cover more of your back. All jets can be fully opened for 100% power or turned down for a gentler water flow. As an added benefit, all jets are removable for easy cleaning.

DESIGNER

3 back jets, 2 BHP pump, rotating and flow-adjustable, 98% turn-off, removable for easy cleaning

ELITE

10 back jets, 3-6 BHP pump, rotating and flow-adjustable, 98% turn-off, removable for easy cleaning

ELITE

6 back jets, 3 BHP pump, rotating and flow-adjustable, 98% turn-off, removable for easy cleaning

CLASSIC

1 back jet, 1.5 BHP pump, directional and flow-adjustable, removable for easy cleaning

JETTA AIR

- JettaAir therapy injects thousands of effervescent air bubbles into the water to massage your body and create an invigorating bathing experience.
- Air injectors are strategically placed around the tub to target all areas of your body.
- Tune your air massaging pressure to fit your unique needs by utilizing Jetta's variable speed blower.
- Customize your spa experience by choosing 3 different air modes: continuous, pulse, or wave.
- The JettaAir system includes a mood light installed in the tub to create a spa-like ambiance.
- Upgrade your light package to a multi-color LED for more lighting options.
- Automatic purge cycle cleans water from the system after use to keep the system clean.

THE JETTA EXCLUSIVE
THE **Stay Hot**
GUARANTEE

While other tubs require a heater, we've streamlined the technology, combining a passive warm air induction whirlpool system with thick foam insulation from top to bottom. The benefit for you? A bath that stays within 2 degrees of original temperature for 30 minutes of use.

WE GUARANTEE IT!

WITH JETTA, THERE'S JUST MORE TO LOVE.

Construction quality, installation simplicity, product variety.

When your customer loves their tub as much as you love installing it, that's the best sale of all. And with Jetta, you can count on it with every tub, every time. There are so many reasons plumbers prefer our products over others – and that's one good reason to see for yourself.

- **Durable cast acrylic material reinforced with fiberglass = easy handling for installers**
- **Hydrotherapy components secured into place with foam insulation = simple installation**
- **More than 35 easy-to-install designs in Jetta's Advantage Collection at attractive price points**
- **Two new Garret designs just added to our drop-in collection**
- **Our best-selling modern skirted bath, Loft, is available in 6 sizes to accommodate all bathroom sizes and needs**

ABS TILE FLANGE

ABS Tile Flange: Recommended when there will be tiling around the tub in an alcove installation. The tile flange is chemically bonded to the tub in the factory, ensuring a water tight seal around the tub.

In-line Heater: Jetta's In-line Heater is designed to maintain the temperature of your JettaWhirl bath systems. The heater is activated by water flow which keeps the temperature consistent with the temperature of the water as it enters the tub.

AROMATHERAPY

Stimulate your senses with Jetta's aromatherapy diffusion system. Available on all JettaWhirl, JettAir, and Combo Hydrotherapy tubs in the Classic Designer, and Elite series with a flat rim.

SHOWER DRAIN

Brass Shower Drain Kit:

This Brass shower drain mounts to Jetta's acrylic shower bases. The drain plumbs with 2 inch ABS or PVC pipe, secured by a rubber gasket driven in place using a special tool which is included. Body is a cast brass shower drain, with a solid brass or stainless steel grate. Uses a crimp-down, no-caulk rubber swedge. Drain rim is fully covered by grate.

This shower drain, when installed in the CARTER models of Jetta Shower bases will be concealed by the integrated linear drain cover, however it is also compatible with the Sullivan Shower Base without the drain cover.

POLISHED CHROME SBD-PC

Jetta's offering of shower bases can be found on pages 203-207.

ORDER POLICIES

ORDERING AND ACKNOWLEDGMENTS

Jetta will accept all orders pending confirmation of product configuration and pricing. Jetta will provide an order acknowledgment within 24-hours of confirmation.

Please review order acknowledgments carefully to verify the product configuration. Unless notified, Jetta will ship order as acknowledged.

Shipments and Receiving of Products

Please inspect products carefully upon receipt, if damage is identified please contact Jetta warranty within 7 business days of receipt at (800) 288-7771 or through your Partner Portal at jettacorp.com. Jetta may request digital photos of the damage; photos can be sent directly to Jetta Warranty at warranty@jettacorp.com.

All shipments and freight policies shall be defined as deliveries to the primary customer warehouse. Shipments to alternate destinations require the pre-approval from Jetta.

PRODUCTION LEAD TIMES

Most Jetta products will ship in 7 to 10 business days after receipt of a complete order*

- Most soaker tubs will ship in 7 days
- Most standard whirlpool tubs will ship in 10 days
- Add 5 days for air tubs, air/whirlpool combination tubs, walk-in tubs, non-standard colors and tubs with non-standard options

A complete order has all tub specifications and pricing completed and can be released to production. Published lead times do not apply to truckload deliveries. Shipment will be determined based on truck schedule and may differ from the Jetta published lead times

Jetta Express Program – When you need your tub ASAP – GUARANTEED

The Jetta Express program pushes your Express Tub to the top of the production list so that it is in the first group of orders our manufacturing plant starts through our production facility the day after we acknowledge your order. Your Jetta Express tub gets VIP visibility throughout the manufacturing process to ensure it ships to you as fast as possible.

Express your tub and we guarantee it will ship in 5 business days for soakers, 7 days for whirlpools and 9 days for air, air/whirlpool combinations, and tubs with non-standard options (some exclusions may apply). Jetta Express fee: \$100 per tub

Terms and Conditions of Jetta Express Program

The Jetta Express fee does not include the freight to deliver your product. Standard freight charges apply. The Express program applies to white and biscuit tubs. Bone color tubs and walk-in tubs cannot be expressed. See cancellation policy for restrictions on Express Tubs. If Jetta fails to meet the shipment window guarantee we will reimburse the \$100 fee and credit you an additional \$50!

PRODUCT CANCELLATIONS AND RETURNS

Many Jetta products are built to order and start the manufacturing process within 48 hours of the order acknowledgment. This allows each customer the option to choose the bathtub configuration that meets their personal needs and tastes. For us to maintain this high level of flexibility we have the following policies in place regarding returns and cancellations.

ORDER ADDITIONS, CHANGES AND CANCELLATIONS

Customers may add tubs to a purchase order until the order confirmation is issued. Once Jetta provides the order confirmation, customers must issue a new purchase order number for additions. A product order can be canceled or changed at no charge within 48 hours of the transmission of the order acknowledgment. Any change or cancellation after 48 hours is subject to the fees below. The 48-hour cancellation policy does not apply to Jetta Express Tubs. Once the order acknowledgment has been sent for a Jetta Express tub, our cancellation fees will apply.

RETURNS

All product returns require a return goods authorization (RGA) from Jetta and are subject to re-stocking fees as outlined below plus the cost of freight to return the product to Edmond, Oklahoma. A qualifying product can be returned up to 90 days after it has been shipped provided it is in like new condition, and has not been altered, modified, or previously installed. It is the responsibility of the party returning the product to package it appropriately for shipping to not incur damage. Freight damage incurred returning a product is not the responsibility of Jetta and credit will not be provided for product that arrives damaged.

ORDER POLICIES

INTERNET MINIMUM ADVERTISED PRICE (IMAP) POLICY

Jetta supports and encourages online advertising and promotion of Jetta products by our distributors and dealers. This policy details acceptable online practices to ensure that the sales and marketing efforts of all of our valued distributors and dealers are respected.

This policy applies to all products produced and sold by Jetta Corporation.

- The minimum advertised price for Jetta distributors and dealers on the Internet shall be 25% off the Manufacturer's List Price (MLP) as established by Jetta Corporation.
- This policy applies only to advertised prices and does not affect the Jetta distributor or dealer's right to set sell prices in their respective markets.
- This policy does not establish maximum advertised prices. Distributors and dealers may advertise Jetta bathtub products at prices higher than MLP.
- Jetta reserves the right to adjust or change MLP pricing on any bathtub model at its sole discretion
- From time to time, Jetta may discontinue or phase out bathtub models or engage in promotions on certain products. In such event, Jetta reserves the right to modify or suspend this IMAP policy with respect to the affected models by notifying distributors and dealers of such a change.
- Any distributors and dealers who violate this policy will have 24 hours after notification by Jetta to bring their advertising into compliance or Jetta may, at its discretion, discontinue supplying product to the distributor or dealer.
- Internet sales and marketing activities are intended for application in the distributors and dealers primary trade area. Jetta reserves the right to refuse drop shipment of sold products into markets with established Jetta distribution.

PRODUCT SPECIFICATIONS

PRODUCT DIMENSIONS AND DESIGN

- While every effort will be made to produce products exactly as detailed in product specification documents some manufacturing variation is common and production tolerances can be +/- 1/2".
- Minor product design elements are subject to change without notice. Major changes that significantly alter a product's appearance or application will be communicated through a Jetta email.

CONSTRUCTION CODES

- Given the wide variation in construction codes throughout the country it is the responsibility of the Distributor or Contractor to confirm compliance with any applicable code regulation.
- Jetta cannot assure code compliance and will not be responsible for any local dispute.

Customer service is not a department, it's a commitment.

That means everyone in every department is here to keep the promise we make to our customers: to deliver products made with premium quality, on time, and with a stress-free, pleasant customer experience included in every order.

DON'T TAKE OUR WORD FOR IT!

Thru thick and thin, Jetta has always been there for me. Everyone is wonderful! ... Everyone... all the way to manufacturing and technical are all rock stars! We've had record sales this year all due to one reason, THE TEAM OF JETTA!
You are all AMAZING!!! High Fives for everyone!!!! - ALLISON W.

The Jetta team always comes through for us..... Great customer support, they deliver our product in a timely manner. We appreciate the efforts of everyone at Jetta. **We know your team must work hard to make us look so good.**
Thanks Jetta. - PAM O.

This year has been unlike anything any of us have ever experienced... The people at Jetta have outperformed most of our larger suppliers when it comes to meeting normal lead-times, quality standards, and communication.
Basically, Jetta has been the best... - JOHN C.
