

## WALK-IN COLLECTION

Every One Of Our Tubs Is Backed With Quality Guarantees & A Lifetime Of Customer Support

[WWW.JETTACORP.COM](http://WWW.JETTACORP.COM)

As the demand for walk-in tubs continues to grow, more and more customers are quickly jumping into this emerging market. The result? Lots of choices! But the reality? Very few quality, reliable choices.

At Jetta, we've been manufacturing quality tub systems since 1981. Our products are trusted by builders, plumbers, and especially by the customers who use them. We are proudly an Oklahoma company, and our products are crafted with care and precision.

# WHY JETTA?

## Walk-Ins: Where Luxury Meets Practicality.

For almost 40 years, the Jetta name has quietly built a reputation for quality and reliability among our customers. We are proud to have our products in homes across the country!

Jetta's Walk-in collection is the perfect marriage of luxury and practicality. Offered in both in-swing and out-swing models, Jetta's walk-in tubs are currently offered in soaker, whirlpool, air, and combo hydrotherapies.

---

### Go Ahead & Linger – It Stays Hot Longer

Our exclusive Stay Hot Guarantee means your whirlpool bath water will stay within 2 degrees of its original temperature after 30 minutes of use. We've streamlined our technology for your benefit!

---

### No Leaks, No Worries

Every walk-in tub we sell comes with a limited lifetime warranty on the shell, door, and door seal. That's because our tubs not only look great on the outside, they're built with quality on the inside.

---

### Excellence in Service

When you order a Jetta product, you can be assured it will be delivered on time and service won't end with the sale. Builders and plumbers nationwide trust Jetta because we make bath systems without compromise and back them up with confidence.

# MAKE A HOME IMPROVEMENT

## RELIEVE MUSCLE TENSION WITH WHIRLPOOL FEATURES

- 7 rotating and flow-adjustable jets, including:

- 3 back jets
- 2 calf jets
- 2 foot jets

1.5 BHP pump - 7.5 amps

- All jets are removable for easy cleaning.

- Tune your water pressure to fit your unique needs. A quick turn of the jet's outer ring increases or decreases water flow.

- Anti-microbial flex piping and arched plumbing design provides gravity-flow draining for sanitary bathing and corrosion elimination.

JettaWhirl hydrotherapy works deep in your body's tissues, relieving tight and sore muscles while allowing for rejuvenation. Strategically placed jets target your back, calves, and feet to relieve tension and discomfort in areas that are often overused or strained.

### JETTASOAK

Cleanses body and mind with a therapeutic soak

### JETTAWHIRL

Relieves tight, sore muscles while promoting rejuvenation

### JETTAIR

Calms the mind and relaxes the body with effervescent air bubbles

# THAT'S ALSO A LIFE IMPROVEMENT.

## WHIRLPOOL AND AIR BATH FEATURES GIVE YOU AS MUCH LUXURY AS PRACTICALITY.

At Jetta, we've been designing luxury tub systems since 1981 – and we've brought that knowledge and experience into the design of our walk-in tubs.

### CALM YOUR MIND AND BODY WITH AIR BATH FEATURES

- Seamless air injectors are strategically placed around the perimeter of the tub to target all areas of your body.
- JettaAir system tubs include a mood light to create spa-like ambiance. Light package can be upgraded to a multi-color LED light to set the perfect mood.
- Variable-speed blower allows you to tune the air massage pressure to your own comfort level.
- Customize with three different air modes: continuous, pulse, or wave.
- Variable speed blower motor with 600-watt heater: 115 volt-10amps-1HP
- Automatic purge/dry cycle ensures a clean, sanitary system after every use.

Effervescent air bubbles create an invigorating bathing experience while calming the mind, relaxing the nerves, and quieting the body. Balanced air flow throughout maintains even pressure in all injectors, providing a spa-like feeling with multiple modes to suit your preferences.

#### COMBO HYDROTHERAPY

The benefits of JettaWhirl and JettaAir in a single spa-like experience

#### JETTAWARM

A heating system to provide gentle warmth to your tub backrest

# THE WALK-IN DIFFERENCE

- 1 Every Jetta walk-in tub is manufactured with one-piece construction, eliminating joint failures common in two-piece construction.
- 2 Easy access control panel: ActiveDrain, whirlpool, air, and light settings.  
Jetta's ActiveDrain technology ensures faster draining\* with the use of an additional pump.  
\*Drain time is approximately 90 seconds
- 3 Internal antimicrobial piping will not retain water.
- 4 Extension panels included with every tub for accurate fit and easy installation
- 5 Passive warm air induction quietly recirculates heated air. Rotating and flow-adjustable jets are removable for easy cleaning.
- 6 Lumbar support molded into backrest for maximum comfort with contoured seat that meets all ADA standards.
- 7 Extra-long, angled, polished chrome grab bar and U-bar\* makes exit/entry easier and safer.  
\*Standard on out-swing model, optional on in-swing models
- 8 Premium fast-fill thermostatic faucet and hand held showering wand with anti-scalding feature.
- 9 ADA waste and overflow: large, easy-grip handle positioned for maximum soaking depth.
- 10 Seamless air injectors placed strategically around perimeter of tub to target all areas.
- 11 Add to your comfort by selecting a Contoured Neck Rest Pillow\* or Contoured Seat Cushion.  
\*Only available on the in-swing models

## THE JETTA EXCLUSIVE THE Stay Hot GUARANTEE

While other tubs require a heater, we've streamlined the technology, combining a passive warm air induction whirlpool system with thick foam insulation from top to bottom. The benefit for you? A bath that stays within 2 degrees of original temperature for 30 minutes of use.

**WE GUARANTEE IT!**

The Biltmore in-swing door design is the perfect choice for smaller bathrooms or areas with limited available space. The tub door opens inwards, reducing the amount of space needed to enter and exit the tub. Because the door allows for easier closing and the low threshold enables safer entry and exit, the in-swing is a smart choice for those with limited mobility.

## BILTMORE J80

53" X 26" X 36" RECTANGLE

 **ACTIVEDRAIN**  
MODELS AVAILABLE

- 3-sided tile flange kit
- Built-in safety grab bar
- Optional U-bar for added ease and stability when exiting tub
- Polished chrome waste & overflow
- Fully-insulated polyurethane foam
- Recommended operating gallons: 55
- Easy grip door lock
- Optional Extension Panel comes standard

The Broadmoor in-swing door design is the perfect choice for smaller bathrooms or areas with limited available space. The all-new S-shaped tub door opens inwards, allowing for extra room to enter and exit the tub. This new door design combines the space-saving attributes of an in-swing door with the wider opening of a larger model, allowing for a unique access experience for bathers with limited mobility.

## BROADMOOR J90

51" X 29" X 40" RECTANGLE

90+ ACTIVEDRAIN  
MODELS AVAILABLE

JETTA WHIRL

JETTA AIR

COMBO HYDROTHERAPY

JETTA SOAK

- 3-sided tile flange kit
- Built-in polished chrome safety grab bar
- NEW S-shaped door design offers ample space
- Optional U-bar for added ease and stability when exiting tub
- Polished chrome waste & overflow
- Fully-insulated polyurethane foam
- Recommended operating gallons: 75
- Optional Extension Panel comes standard

EVERY JETTA WALK-IN TUB IS DESIGNED  
TO FIT IN PLACE OF A STANDARD 60" BATH

# OUT-SWING

The Belmont out-swing door design features an outwards opening door that locks in place to create a watertight seal while bathing. The extra-wide opening and low threshold make the Belmont an excellent and safe choice for those with disabilities or limited mobility. Transfer from a wheelchair, walker, scooter or cane to the contoured seat with less risk and discomfort.

## BELMONT J95

52" X 32" X 40" RECTANGLE

ACTIVEDRAIN  
MODELS AVAILABLE

JETTAWHIRL

JETTAIR

COMBO HYDROTHERAPY

JETTASOAK

- 3-sided tile flange kit
- Built-in polished chrome safety grab bar
- Standard U-bar for added ease and stability when exiting tub
- Polished chrome waste & overflow
- Fully-insulated polyurethane foam
- Recommended operating gallons: 75
- Easy grip door lock
- Optional Extension Panel comes standard

# GIVE YOUR BATHING EXPERIENCE All The Extra Aaaaaaaaahs.

**Thermostatic Faucet Kit:** Set it and forget it. Add extra convenience and security with a premium fast-fill Italian faucet. Regulate water temperature with ease by setting the hot and cold blend only once. The thermostatic valve and anti-scalding feature automatically mix the hot and cold water to deliver the pre-set water temperature. In the event of cold water failure, the anti-scalding feature shuts off the flow of hot water. Flow Rate: 14.3 gps on ¾" lines.  
Available in Polished Chrome.

**ActiveDrain Models:** Jetta's ActiveDrain technology ensures faster draining\* with the addition of an extra pump.

\*Drain time is approximately 90 seconds

LUXURY

INVIGORATE

**JettaWhirl technology:** give yourself an invigorating boost in every bath with the sensation of deep-tissue hydrotherapy massage.

Jetta's optional in-line heater is designed to maintain the temperature of your JettaWhirl bath systems. The heater is activated by water flow which keeps the temperature consistent with the temperature of the water as it entered the tub.

RELAX

**JettaAir technology:** Indulge yourself in thousands of effervescent air bubbles streaming from strategically placed seamless air injectors.

WARM

**JettaWarm technology:** Soothing warmth covers the entirety of your backrest!

Full coverage is available on our walk-in soaker tubs for a relaxation experience before you even begin bathing!

# INDULGE

Jet Trim Kit: give your tub an extra polished look with a polished chrome jet trim to match fixtures.

Extra Jets: add extra invigoration and massage where you need it most with additional jets in your tub.

Seat Cushion: give yourself a little extra sitting comfort with a soft, slip-resistant seat cushion.

take your relaxation to the maximum with a contoured neck rest\* or roll-up gel pillow.

\*Only available for Biltmore J80 and Broadmoor J90 models

# COMFORT

Chromatherapy: enhance the mood of your bath with a soothing clear mood light or LED light that can be set to change colors for spa-like ambiance.

# AMBIENCE

JettaWarm is our ALL-NEW surface heating system secured beneath the acrylic in a blanket of insulation to provide gentle warmth to the backrest of your tub.

# customer service is not a department

It's a commitment. That means everyone in every department is here to keep the promise we make to our customers:

To deliver products made with premium quality, on time, and with a stress-free, pleasant customer experience included in every order.

And we stand by it.

“ Every member of the Jetta team I've interacted with were caring, talented, and friendly people that took pride in their job and company.

**You are an awesome team!**

Jeff F.

“ Your team at Jetta far surpasses your competition in responsiveness, timeliness, and customer service. When we have suggestions, you listen!

**We feel like you're family!**

Mary D.

“ You make a great product, but **the real magic behind your success is your people and your culture...**

**Thank you all for a job well done!**

Marshall M.
